LACRIMA DAIRY INDUSTRY

Lacrima is one of the leading companies specializing in the production and manufacturing of high-quality dairy products, with over six decades of excellence and innovation.

Founded in 1959 in the city of Pazardzhik, Bulgaria, it is considered one of the most established Bulgarian dairy companies, preserving its rich heritage while integrating the latest technologies to ensure world-class products.

Lacrima Products – Bulgaria

Lacrima offers a wide range of dairy products that Combining authentic Bulgarian taste with international standards of quality, including:

Salted white cheese aged for 45 days, made from cow's milk for a tangy dairy flavor, produced according to Bulgarian national standards.

Salted white cheese aged for 60 days, made from sheep's milk for a rich, creamy taste.

Salted white cheese aged for 45 days, made from cow's milk following the original traditional recipe from the Rhodope Mountains.

Salted white cheese aged for 60 days, made from goat's milk according to traditional Bulgarian recipes.

Bulgarian yellow cheese (Kashkaval), aged for 45 or 60 days, made from cow's or sheep's milk with a creamy or mildly sweet flavor.

Processed cheddar cheese.

Butter and cream cheese.

Labneh balls in various flavors (classic, with aromatic herbs, with basil, and probiotic-enriched).

All products are made using fresh milk and carefully selected natural ingredients to ensure exceptional quality and a balanced taste that blends tradition with modernity.

Our Facilities in Bulgaria

Lacrima facilities are located near the Rhodope Mountains, covering over 20,000 m², ranking among Bulgaria's largest and most advanced dairy plants.

The facility operates under a strict quality control system, with raw materials undergoing more than 30 tests before, during, and after production.

The company holds the international IFS Food certification, and all its products are Halal-certified, ensuring compliance with European and global standards.

Lacrima has received several prestigious industry awards, including two gold medals at the "World of Milk" international food exhibition in Sofia, in recognition of its product quality and technical excellence.

Presence in the Middle East

Building on its success in Bulgaria, Lacrima established its regional branch in the Hashemite Kingdom of Jordan to serve as a hub for expanding operations across the Middle East and North Africa. Lacrima – Jordan supports regional supply and marketing of the company's products, including processed and spreadable cheeses and cheddar sauce, while also developing strategic partnerships with Arab and Gulf markets.

Thanks to this integration between the headquarters in Bulgaria and the regional branch in Jordan, Lacrima continues to strengthen its presence as a trusted source of premium dairy products, combining authentic European identity with regional expertise to serve Arab markets.

Lacrima Products – Jordan

The Jordan branch specializes in producing and developing a range of processed dairy products customized for Arab consumers, including: Various types of spreadable cheeses (creamy and cheddar). / Processed cheddar cheese. / Cheddar cheese sauce used in restaurants and fast-food chains. / Cream and sweetened condensed milk.

These products are manufactured according to European quality standards, using carefully imported raw materials from top global suppliers, making Lacrima one of the leading brands in the processed cheese sector in the region.

Markets and Export

Lacrima exports its products to Europe, the United States, and the Middle East, and continues to expand through strategic partnerships with major food distribution companies. The company's annual production capacity exceeds 15,000 tons of dairy and cheese products, enabling it to meet global market demands and customer requirements in terms of specifications, packaging, and local tastes.

Vision and Mission

Lacrima aims to preserve Bulgarian authenticity while offering innovative dairy solutions tailored to consumer needs across diverse markets. The company strives to remain a trusted partner for distributors and importers worldwide and a source of products that combine European quality with regional character.

Cow milk recipe

KASHKAVAL BNS

Authentic Bulgarian yellow cheese Lacrima. Produced according to the Bulgarian National Standards (BNS). It is matured from cow's milk for at least 45 days, has a delicious taste, firm and homogeneous structure and golden color thanks to the high quality of milk, technological precision and long maturing period.

Processed Cheddar Cheese Block

Lacrima Processed cheddar cheese has several technical advantages over natural cheese, such as much longer shelf life, resistance to segregation during cooking (melt ability), and uniform appearance and physical behavior.

CARBON BATTERIES
BRIDGING INNOVATION & SUSTAINABILITY IN ENERGY STORAGE

LEADING THE FUTURE OF ENERGY STORAGE IN JORDAN AND THE REGION

Carbon Batteries Manufacturing LLC Co. is a pioneering Jordanian company specializing in the design, engineering, and manufacturing of advanced lithium battery energy storage systems (BESS). Located in Al-Muwaqqar Industrial City, Carbon plays a key role in strengthening Jordan's energy independence and driving the adoption of sustainable power solutions across residential, commercial, and industrial sectors.

OUR MAIN GOAL

is to empower customers to optimize energy use, reduce costs, and ensure grid stability by providing locally produced, world-class energy storage solutions. Carbon Batteries operates dedicated R&D and production facilities in Al-Muwaqqar, where over 40% of its personnel are specialized engineers and technicians focused on continuous product innovation, system optimization, and technology localization.

The company's integrated operations cover the entire value chain — from system design, engineering, and manufacturing to implementation, monitoring, and maintenance. Carbon also develops proprietary BESS management software, energy monitoring dashboards, and smart grid integration tools, ensuring seamless control and reliability across all applications.

Nutridar دار الغذاء

Nutrition for Life

Nutridar Company, established more than 30 years ago and headquartered in Amman, Jordan, is a leading player in the infant food market. Its factory was among the first in the Middle East to produce infant milk formula.

With decades of expertise, Nutridar formulates its products to provide the essential nutrients babies and children need for healthy growth. Every product is developed using the highest quality ingredients and manufactured under the strictest standards to ensure safety, efficacy, and trust.

Nutridar offers a wide portfolio of products, including infant and baby milks, infant cereals, and food supplements, marketed under its trusted brands **"Sahha", "Prima" and "BebeLait"**.

Today, Nutridar proudly operates in 14 markets, serving families across the region and beyond.

ABOUT

Nour Al-Sham Plastic Manufacturing Company was established in Syria, Damascus, and began marketing its products to the Syrian, Jordanian, Lebanese, Saudi, Turkish, and Iraqi markets. The company branched out in the Hashemite Kingdom of Jordan at the beginning of 1991 in Sahab, and it is one of the companies specialized in manufacturing plastic containers and covers for detergents and sterilizers, as well as manufacturing special ampoules for all plastic containers. Every year, we aspire to develop production lines to meet the needs of the market
