Companies expected to participate in the business matching event 10.

company name	Kletos Inc.
	https://kletos.b-smile.jp
goods	water purification system
movie	N/A.

selling point

- A venture company established in 2018. This is the overseas sales contact of basic corporation, a manufacturer of water purifiers. The company aims to provide clean water to countries that do not have access to clean water by promoting water purifiers with a filter cleaning function that other companies cannot imitate. In Southeast Asia and other parts of the world, the reverse osmosis (RO) method of producing drinking water is widely used, and a large amount of "waste water" is generated, which has become a problem. If tap water and well water can be used as drinking water with basic's water purifiers, it will be environmentally friendly.

Companies expected to participate in the business matching event 11.

company name	Kumahira Co.,Ltd. https://www.kumahira-safe.com/
goods	liquid inspection device
