LEFTOVERS MEETINGS in Prato e Sabadell – SAVE THE DATE

Matching the offer of Italian and Spanish textile leftovers with garment makers' needs from Greece, Tunisia, Jordan, Palestine, Egypt: this is the focus of Leftover Meetings, an international brokerage event of the TEX MED ALLIANCES project.

The event is organised by CONFINDUSTRIA TOSCANA NORD and TEXFOR in the frame of CBC Initiative "Circular Economy for the T/C" and offers fashion producers the opportunity to meet with textile companies from Italy and Spain to buy their in-stock fabrics and yarns of first quality.

When and where?

The event will be organized in Prato (Italy) and Sabadell (Spain) the 6-7-8th of June.

For whom?

- Textile for clothing (yarns/fabrics/accessories producers)
- Fashion & accessories (knitwear and garment makers)

How can companies benefit from this event?

Apparel producers and designers will be invited in Prato and Sabadell to visit and meet with textile companies interested in selling their yarns and fabrics remained unsold.

Take a look at the file here attached for the list of textile companies already involved in the Leftovers initiative.

Before the event, sellers and buyers will be able to get in contact with each other through the Leftovers platform, created inside the ad-hoc FB private group: www.facebook.com/groups/texmedleftoversplatform

Costs & incentives

The participation in the Leftovers meetings is free of charge and travel and accommodation costs will be reimbursed for the first 10 registering companies

In case a participating company has already received a sub-grant by the TEX-MED ALLIANCES project, travel and accommodation costs can be covered by the sub-grant budget.
