**To: H.E. Mr. Fathi F.Al Jaghbier
Chairman of the Board of Directors
of the Amman Chamber of Industry**

Your Excellency,

The Embassy of Ukraine in the Hashemite Kingdom of Jordan presents its compliments to the Amman Chamber of Industry.

Pursuant to the previous agreements on the mutual exchange of information, the Embassy of Ukraine in the Hashemite Kingdom of Jordan has the honor to inform you about PRIVATIZATION – 100% SALE of United Mining and Chemical Company (UMCC) at the AUCTION. UMCC is first in Europe and in TOP-10 global miners of titanium and zirconium ores.

UMCC key financial indicators in 2020:

- Net Revenue 116 mil.dol
- EBITDA 35 mil.dol (30% margin)
- Net Income 23 mil.dol(20% margin)

United Mining and Chemical Company (UMCC) is the largest miner of titanium and zirconium ores in Europe. The operations are divided between two subsidiaries: Vilnohirska Mining and Metallurgical Plant (VMMP) and Irshansk Mining and Processing Plant (IMPP)

UMCC produces over 350k tones of the highest quality titanium ore concentrates and exports its products to 35 countries. Production facilities include leading combines for the production and processing of titanium ores. The location allows fast delivery of products to the EU and CIS countries.

Contact information:

For detailed information on mineral reserves, please write to privatization@spfu.gov.ua. The link to enter the virtual data room with the document repository will be sent to your email.
